Terms and Conditions

1. Death Benefit:

If the death occurs during Grace Period, the due unpaid premium (if any) till the date of death will be deducted from the Death Benefit. For non-annual Policy, the balance of the premium for that policy year will be deducted from the Death Benefit.

2. Maturity Benefit:

The Maturity benefit will be reduced to account for any outstanding loans (including interest).

3. Grace Period:

There is a grace period of 30 days from the due date of payment of premium for the yearly, half-yearly and quarterly mode, and 15 days for the monthly mode.

4. Riders:

The payment of Rider premium will be made in addition to the premium for the base plan and collected along with the premiums for the base plan.

5. Policy Loan:

Loans can be availed under this plan through Kotak Life Insurance up to the limit of 50% of the Surrender Value of the policy. The Company shall determine the rate of interest from time to time. Currently the interest rate is 12.5% compounding half-yearly but it can be revised from time to time subject to IRDA approval. The policy will be unconditionally and fully assigned to Kotak Life Insurance as security for the loan and interest repayments during the period of the loan. The policy will not be auto foreclosed where all due premiums have been paid. In case of any benefit payout before the end of term or at maturity, the Company is entitled to deduct any outstanding loan amount, together with all interest payable before making such benefit payment.

6. Lapse:

For PPT less than 10 years, where the premiums for the first two policy years are not paid within the Grace Period and for PPT of 10 years, where the premiums for the first three policy years are not paid within the Grace Period, the policy shall lapse from the due date of the first unpaid premium and no benefits will be payable.

7. Policy Revival:

A lapsed or a Reduced Paid-Up policy can be reinstated for full benefits on revival within two years of the first unpaid premium. The revival can be done without evidence of good health on payment of the outstanding premiums with revival charges (currently 9% p.a. of outstanding premiums), if the payment is made within six months from the date of first unpaid premium. Thereafter to revive the policy, evidence of good health would be required along with payment of the outstanding premiums with revival charges (currently 9% p.a. of outstanding premiums). If a lapsed policy is not revived during the revival period, the policy will be terminated without paying any benefits. However, if a Reduced Paid-Up policy is not revived during the revival period, it will continue in that mode until maturity.

8. Surrender:

The policy acquires a Surrender Value depending on the premium payment term chosen and the number of premiums paid:

- **For policies with premium payment term of less than 10 years:** The policy acquires surrender value after full payment of due premiums for two policy years.

- **For policies with premium payment term of 10 years:** The policy acquires surrender value after full payment of due premiums for three policy years.

Guaranteed Surrender Value (GSV) is calculated as:

[X% of total Premiums paid (excluding Goods and Services Tax and Cess, as applicable, Rider Premium and Extra Premiums, if any) PLUS the value of accrued Guaranteed Yearly Additions]

where 'X' varies by year of surrender, Premium Payment Term and Policy Term as mentioned below:

The value of the accrued Guaranteed Yearly Additions is calculated as, the Accrued Guaranteed Yearly Additions multiplied by the Guaranteed Surrender Value Factor mentioned below:

GSV Factors as % of accrued Guaranteed Yearly Additions			
Outstanding Term	GSV Factor	Outstanding Term	GSV Factor
0	100.00%	11	35.46%

8	46.88%	19	17.37%
9	42.70%	20	15.97%
10	38.90%		

The Company may consider paying a Special Surrender Value when the policy acquires Surrender Value. In any case, the higher of the Guaranteed Surrender Value and Special Surrender Value will be payable.

Special Surrender Value will be calculated as $90\% \times (\text{Reduced Paid-Up Basic Sum Assured as at date of first unpaid premium} + \text{Accrued Guaranteed Yearly Additions}) \times \text{Special Surrender Value Factor}$.

On Surrender, all benefits will cease and the policy terminates. The surrender value will be paid out as a lump sum benefit.

9. Reduced Paid-Up Policy:

After the policy acquires Surrender Value, if the subsequent premiums are not paid within the grace period the Base Policy along with Riders (if any) will be converted into a Reduced Paid-Up policy by default. Upon being made Reduced Paid-up;

- policy may be revived (for the original benefits) within 2 years from the date of first unpaid premium.
- policy will not be eligible for Guaranteed Loyalty Addition and future Guaranteed Yearly Additions.
- rider benefit will be available as per Reduced Paid-Up Sum Assured (if applicable).

If a Reduced Paid-up policy is surrendered, the special surrender value (if any) for base plan and Rider (if any) will be calculated as per the Reduced Paid-up Basic Sum Assured. The Surrender Value payable will be higher of Guaranteed Surrender Value and Special Surrender Value.

Payout at Maturity:

The Reduced Paid-Up Basic Sum Assured will be calculated as:

$(\text{Total Premiums paid} / \text{Total premiums payable over the term}) \times \text{Basic Sum Assured}$.

On survival of the life insured till the maturity date, the benefit payable will be Reduced Paid-Up Basic Sum Assured PLUS accrued Guaranteed Yearly Additions.

Payout on Death:

The Reduced Paid-Up Basic Death Benefit will be calculated as:

$(\text{Total premiums paid}) / (\text{Total premiums payable, during the entire policy term}) \times \text{Basic Death Benefit}$

On death of the life insured during the policy term after being Reduced Paid-Up, the benefit payable will be the sum of Reduced Paid-Up Basic Death Benefit PLUS accrued Guaranteed Yearly Additions.

10. Vesting in case of minor life:

If the policy has been taken on the life of a minor, the policy shall automatically vest on him/her with effect from the date of completion of 18 years of age and the Life Insured will become the Policyholder from such date.

- 11.** In case there is no nomination effected in the policy or in case the nominee dies during the term, the benefit payout will be made to the legal heir(s).

12. Nomination & Assignment:

Nomination will be allowed under the plan as per the provisions of Section 39 of the Insurance Act, 1938 as amended from time to time.

Assignment will be allowed in the plan as per the provisions of Section 38 of the Insurance Act, 1938 as amended from time to time.
